2' - 16' widths

**6'**

MAXIMUM HEIGHT

3' - 6' heights

**100+**

FINISH TYPES

Powder coat + wood grain sublimation

**Zero**

MAINTENANCE

No painting, sealing, or refinishing

The Bahama FauxView Shutter brings bold tropical character and architectural presence to any exterior — whether over functional windows, as faux accents on blank walls, or across open facades for visual depth. Engineered from powder-coated aluminum with wide louver spacing, FauxView delivers shade, airflow, and curb appeal without the upkeep of real wood. Available with adjustable or fixed arm options and in-house wood grain sublimation, FauxView is ideal for residential homes, commercial storefronts, hospitality spaces, and large-scale building exteriors.

## KEY FEATURES

### Faux Window & Open Wall Applications

Elevate blank facades and flat walls with visually balanced decorative shutter placements — no window required

### Wood Grain Sublimation Available

In-house ArchEx USA sublimation applies realistic wood grain — the warmth of wood with zero upkeep

### Tropical Style Meets Modern Profile

Wide louver spacing delivers bold shadow lines, shade, and airflow with a clean, contemporary silhouette

### Powder-Coated Aluminum Construction

Rust-free, impact-resistant, built to withstand sun, rain, and coastal air without fading or warping
