FRAME WARRANTY
Limited frame warranty

The SunScape® retractable awning is the solution for decks and patios that are too hot to enjoy on sunny days. At the touch of a button or turn of a crank, the beautiful fabric awning extends to provide cool, comfortable shade — protecting your family and furnishings from harmful UV rays without the seasonal maintenance or unsightly framework of a permanent awning. Built with 100% American manufactured components, all stainless steel fasteners and arm cables, and powder-coated castings, SunScape® delivers lasting quality and curb appeal.

KEY FEATURES

- **100% American Manufactured**
Frame components built entirely in the USA for quality and reliability
- **Stainless Steel Hardware**
All fasteners, bolts, and arm cables are stainless steel for corrosion resistance
- **Powder-Coated Components**
Heavy-duty coated castings in white, bronze, or ivory finish
- **Motorized or Manual Operation**
Optional motors and electronic controls; manual crank also available
- **Protective Hood Available**
Optional hood and end covers protect fabric when retracted
- **Versatile Mounting Options**
Roof mount, soffit mount brackets, and front bar valance styles available
